

# Human Resources Consulting

Build the infrastructure to support a successful team.

## Approach

People are your most important asset. As organizations grow, thoughtful and proactive human resource practices and policies that align with your vision can help your team thrive during times of great change.

**Duration: 1 to 4 months**

## Nourish Your team

We provide strategic assistance to organizations building out their human resource function. We help you think through how to support a growing head count and everything that come with that.

## Key Take-Aways

- Ideal of quickly growing organization
- We help you develop strategies to effectively hire the right people for the right positions.
- Using the Kolbe Index™, we help you and your team better understand how to optimally work together and how to bring on new team members successfully.
